

The Broban[®] Basket – effective and efficient

The results of several years' usage have well-exceeded expectations. The Broban Basket, developed by Schoeller Arca Systems in conjunction with the Broban Foundation (established by Dutch Bakery Organisations), is at home in practically all Dutch bakeries. It works effectively in commissioning, distribution, storage and product presentation.

Yet, it is, at the same time, an important factor in optimising handling costs as well.

Universally applicable – particularly for small bakery products, the Broban Basket proves proficient in branch bakeries and patisseries. Its dimensions are fit to the most frequently used baking tins.

Commissioned on the baking line, presented in the shop to merchandise. The matching dolly is more than simply 'wheels'. It also has a bracket to create an attractive display position.

Creative solutions for better returns

The many benefits of the Broban® Basket

The Broban Basket is designed for long term use. It is also easy to clean, thanks to its perfectly smooth surfaces. There are simply no corners for crumbs or other bits to collect in. The four positioning possibilities of the Broban Basket represent a definite plus feature. It is fit for sizable loaves of bread right up to super-flat fine pastries, and also for sandwiches, baguettes and snacks.

Nested position

Middle position

High position

Display position

The nested position

Saves space when transporting empty baskets.

When nested the baskets can still be used to transport products. Internal height 50 mm. 25 stacked baskets are 190 cm high.

The middle position

Ideal for commissioning bakery products of varying sizes or bakery products of the same size but different articles. In this position you can be as flexible as your business needs.

Internal height 100 mm. 15 stacked baskets are 190 cm high

The high position
Offers plenty of room for all kinds and shapes of bread and filled baguettes.

Internal height 160 mm. 10 stacked baskets are 190 cm high.

The display position
For excellent shop presentation.
